

Moodle – Wiki Module

Introduction

This page explains how to edit pages in the wiki module. You can print this sheet out if needed to help with the wiki module.

1. Open a web browser and enter the URL: <http://www.eigohyogen.com/moodle/>
2. Click on your course and complete the login process.
3. Click on the “Term Project Wiki” under Topic Outline.
4. Read the instructions at the top.
5. You should see four tabs under the instructions: View, Edit, Links and History.
6. Click the Edit tab.
7. Use the scroll bar to scroll down to where your name should go.
8. Type in your name with the paragraph tags (i.e. <p>Your Name</p>).
9. Click on the “Preview” button at the bottom.
10. Check to see if your name appears as intended.
11. Add the name of the company you will introduce and any other information you have.
12. Click on the “Save” button.
13. You will be returned to the View page, and you should see the message, “Thank you for your contribution.”

GOOD LUCK! Contact your instructor if you have any trouble with the wiki module.
